

Did you know... What's new in <u>version 9.1</u>?

ACT 1 Systems released software version **9.1** on **March 4, 2015** for client downloading and installing. For complete details of all enhancements, please see *"What's New in Version 9.1?"* on pages **1-2** to **1-3** of the updated Software Guide, or go to <u>www.act1systems.com/wnvercurandhist</u>.

CHECK FOR UPDATES:

 The ACT 1 Systems software can now be updated directly from Site Manager. Administrators no longer need to log into a website for downloads and don't have to know which files to download! The new "Check for Updates" button on the Install/Remove tab allows an administrator to check for updates with a single click, and then effortlessly install the selected files. Easy, fast, and accurate!

AFFILIATE SYSTEM:

• Trend report now supports the option to look forward for secondary books. For Metro monthly reports including both PPM and Diary markets, this will align PPM Metro months with their corresponding Diary Metro quarter seasons (such as SPR diary aligning with April/May/June). This option is available on the "Book Selection" pop-up dialog (accessed from the Market/Survey tab). [Software Guide p 2-37]

You may call ACT 1 Systems at **(818) 347-6400** for unlimited free phone training during our regular business hours from 7:30am – 5:00pm Pacific Time. Call us as often as you need to get answers to your questions, no matter how complex or trivial. You may also send an e-mail to ACT 1 Systems any time for assistance: contact Rob (x10 or x14) at <u>rfite@act1systems.com</u>, Eric (x11) at <u>eric@act1systems.com</u>, or David (x16) at ddavidson@act1systems.com.
